

Greenman Elementary School Report Card Letter

September 2009

Dear Greenman Families,

At Greenman Elementary our vision is to maximize student achievement through the collaborative efforts of parents, students, staff and our diverse community. We have high expectations for our students, which is evident in what is taught in our classrooms. Our curriculum reflects a commitment not only to educating children, but also to each student's welfare and success in life.

As you may already know, federal education legislation under the name *No Child Left Behind* (NCLB) is designed to ensure that all children have the opportunity to reach high state academic standards. Under No Child Left Behind, each state sets Annual Yearly Progress goals for a percent of students that must meet or exceed state learning standards. Each year, the expectation established by the state is raised. Illinois' goal for the 2008-2009 school year was that 70% of student's had to meet or exceed in Reading and in Math in order to make AYP. This means that at a minimum, 70% of Greenman students as a whole must meet or exceed state standards in math and reading. Additionally, all student subgroups must meet or exceed state standards as well. A subgroup is any group of 45 or more students that represent any of the following categories: Economically Disadvantaged, Students with Disabilities, and same ethnicity.

Due to the fact that our students did not make AYP in reading this school year, Greenman will be focusing on ways to close achievement gaps and bring every student to proficiency. It is also important to note that overall, 83.2% of our students did make AYP in Math. It will continue to be important for Greenman School to improve so that we can make AYP next school year. As always, we will be reviewing our School Improvement Plan to identify ways to strengthen instructional and support programs for all of our students. Greenman School will continue to hold high academic and behavioral expectations for both students and staff and we will strive to accomplish this by working to establish a culture of shared beliefs and values. Additionally, we are also prepared to implement the following plan of action:

- Continue to meet as a School Improvement Team (SIP) to monitor and evaluate the program needs within our building.
- Continue our Positive Behavioral Interventions and Supports program (PBIS)
- Continue to offer the After-School Academic Assistance Program to all of our at-risk students.
- Continue to offer Junior Achievement, and provide students with the opportunity to engage in positive interaction with local business leaders.
- Continue to promote the PTO and their family-oriented activities, along with the continuation of promoting parent involvement in their children's education.
- Continue to offer after-school sport activities to foster healthy living.
- Utilize formative assessment data to drive instruction.

- Continually monitor the progress of at-risk students using formative assessment data.
- Focus our team approach by developing a school vision statement.
- Continue to provide teachers with additional support through our reading specialist.
- Focus instruction to ensure that Priority Learning Targets are met.
- Offer enrichment curriculum through an Enrichment Resource Teacher to our 4th and 5th grade students.

Improved student learning and achievement is at the forefront of our decision making process. We are committed to providing students with the tools and skills necessary to become positive contributing members of our communities. Thank you for your continued interest in your child's education.

Sincerely,

Nick Baughman, Principal

State and federal laws require public school districts to release report cards to the public each year.

Starting in 2009, charter school information is included in district statistics.

Low-income students come from families receiving public aid; live in institutions for neglected or delinquent children; are supported in foster homes with public funds; or are eligible to receive free or reduced-price lunches.

Limited-English-proficient students are those students eligible for transitional bilingual programs.

Mobility rate is based on the number of times students enroll in or leave a school during the school year.

Chronic truants are students who are absent from school without valid cause for 18 or more of the last 180 school days.

SCHOOL DISTRICT FINANCES

TEACHER/ADMINISTRATOR SALARIES (Full-Time Equivalents)

Salaries and counts of staff are summed across a district based on the percentage of time that each individual is employed as a teacher or an administrator and may or may not reflect the actual paid salaries for the district.

** Due to the way Illinois school districts are configured, state averages for equalized assessed valuation per pupil and total school tax rate per \$100 are not provided.

Equalized assessed valuation includes all computed property values upon which a district's local tax rate is calculated.

Total school tax rate is a district's total tax rate as it appears on local property tax bills.

Instructional expenditure per pupil includes the direct costs of teaching pupils or the interaction between teachers and pupils.

Operating expenditure per pupil includes the gross operating cost of a school district excluding summer school, adult education, bond principal retired, and capital expenditures.

ACADEMIC PERFORMANCE

OVERALL STUDENT PERFORMANCE

These charts present the overall percentages of state test scores categorized as meeting or exceeding the Illinois Learning Standards for your school, district, and the state. They represent your school's performance in reading, mathematics, and science.

The 2007-08 school year was the first time that Limited English Proficient (LEP) students took the ISAT or PSAE (with accommodations) instead of the IMAGE test. Therefore, any comparisons with prior year's achievement levels for LEP students should be made with appropriate caution.

OVERALL ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT) PERFORMANCE

ISAT PERFORMANCE

These charts provide information on attainment of the Illinois Learning Standards. They show the percents of student scores meeting or exceeding Standards for the grades and subjects tested on ISAT.

PERFORMANCE ON STATE ASSESSMENTS

Federal law requires that student achievement results for reading, mathematics, and science for schools providing Title I services be reported to the general public.

The Illinois Standards Achievement Test (ISAT) is administered to students in grades 3 through 8. The Prairie State Achievement Examination (PSAE) is administered to students in grade 11. The Illinois Alternate Assessment (IAA) is administered to students with disabilities whose Individualized Education Programs (IEPs) indicate that participation in the ISAT or PSAE would not be appropriate.

Students with disabilities have an IEP (No Child Left Behind Act). An IEP is a written plan for a child with a disability who is eligible to receive special education services under the Individuals with Disabilities Education Act.

Reading and Mathematics are tested in grades 3 through 8 and 11. Science is tested in grades 4, 7, and 11.

In order to protect students' identities, test data for groups of fewer than ten students are not reported.

ILLINOIS STANDARDS ACHIEVEMENT TEST (ISAT)

The following tables show the percentages of student scores in each of four performance levels. These levels were established with the help of Illinois educators who teach the grade levels and learning areas tested. Due to rounding, the sum of the percentages in the four performance levels may not always equal 100.

- Level 1 -- Academic Warning - Student work demonstrates limited knowledge and skills in the subject. Because of major gaps in learning, students apply knowledge and skills ineffectively.
- Level 2 -- Below Standards - Student work demonstrates basic knowledge and skills in the subject. However, because of gaps in learning, students apply knowledge and skills in limited ways.
- Level 3 -- Meets Standards - Student work demonstrates proficient knowledge and skills in the subject. Students effectively apply knowledge and skills to solve problems.
- Level 4 -- Exceeds Standards - Student work demonstrates advanced knowledge and skills in the subject. Students creatively apply knowledge and skills to solve problems and evaluate the results.

Four Conditions Are Required For Making Adequate Yearly Progress (AYP):

1. At least 95% tested in reading and mathematics for every student group. If the current year participation rate is less than 95%, this condition may be met if the average of the current and preceding year rates is at least 95%, or if the average of the current and two preceding years is at least 95%. Only actual participation rates are printed. If the participation rate printed is less than 95% and yet this school makes AYP, it means that the 95% condition was met by averaging.
2. At least 70.0% meeting/exceeding standards in reading and mathematics for every group. For any group with less than 70.0% meeting/exceeding standards, a 95% confidence interval was applied. Subgroups may meet this condition through Safe Harbor provisions. ***
3. For schools not making AYP solely because the IEP group fails to have 70.0% meeting/exceeding standards, 14% may be added to this variable in accordance with the federal 2% flexibility provision.
4. At least 90% attendance rate for non-high schools and at least 78% graduation rate for high schools.

* Includes only students enrolled as of 05/01/2008.

** Safe Harbor Targets of 70.0% or above are not printed.

*** Subgroups with fewer than 45 students are not reported. Safe Harbor only applies to subgroups of 45 or more. In order for Safe Harbor to apply, a subgroup must decrease by 10% the percentage of scores that did not meet state standards from the previous year plus meet the other indicators (attendance rate for non-high schools and graduation rate for high schools) for the subgroup. For subgroups that do not meet their Safe Harbor Targets, a 75% confidence interval is applied. Safe Harbor allows schools an alternate method to meet subgroup minimum targets on achievement.

2009 DIFFERENTIATED ACCOUNTABILITY CLASSIFICATION

| | |
|---|---------------|
| The Differentiated Accountability classification for the school is: | Comprehensive |
| Is this school making (AYP) in the "ALL" subgroup in reading ? | No |
| Is this school making (AYP) in the "ALL" subgroup in math ? | Yes |

In 2008, the Illinois State Board of Education (ISBE) was one of 6 states to be chosen by the US Department of Education to participate on the Differentiated Accountability Pilot Program. The Differentiated Accountability classification **applies only to schools in federal improvement status that do not make AYP.**

The classification is a descriptor (i.e., focused or comprehensive) that is added to a school's improvement status. Current Title I requirements do not change. The classification assists in distinguishing between schools that need focused supports verses more comprehensive interventions.

If a school does make AYP in ALL-student group in both reading and math, this school will be classified as a focused school; otherwise, the school will be identified as a comprehensive school.
