SUPERINTENDENT'S COMMUNITY ADVISORY COUNCIL

October 2006 Meeting Recap

Community Involvement:

Chrissy Poppen asked everyone if they had any additional suggestions for Community Involvement that weren't already on the list. In addition, she checked with everyone on the success each rep has had in scheduling time with his/her school's parent group to talk about the SCAC.

Facilities:

Pat Callahan was then introduced and began the meeting by giving an overview of the options that have been formulated for the District. Pat stressed with the SCAC members that as long-range planning takes place for the District's facilities, these options have been created as a vehicle to begin discussion. He then presented the four future facilities scenarios. Pat took many questions from the group. (He also took the time to explain the difference between a rate and a bond increase to the group).

The Reps then split into three smaller groups and processed the facilities options. Pat and Dr. Rydland then heard feedback from each group.

Homework:

Dr. Rydland asked the SCAC Reps give him feedback on time. He would like Reps to share their thoughts on the number of days in the school year, the length of the school day, and how time is being spent during a school day.
